Your Finished Photos

Retouching: Blemishes and facial lines are removed or softened. Special corrections such as glass glare, fixing teeth, hair, eyes, clothing, or moving people from one pose to another will be charged at \$80.00 per hour and quoted accordingly.

Mounted: Frame ready, permanently mounted on stiff, smooth board. Portraits are lacquered and retouching is done. Clean as upgraded prints.

Upgrade: Portraits are lacquered and retouching is done on all prints. Clean with a damp cloth. Does not need to be put behind glass.

Basic: An economy print with no lacquer applied. NO retouching is done on any sized prints with this finish. Do not expose the portrait to moisture, sun, or dirt since this may ruin the surface of the print.

Image Release: inc Photography does offer a release of photographs on specific conditions. The photos released will be able to print up to an 8x10 size. We ask that you only print from a professional lab. All released images will be given on a personalized USB.
